Dear Prospective Customer:

It is with great pleasure that I recommend Team Pegine for motivational and team building needs. The service that she provided to Human Resource Services was engaging and memorable. Ms. Pegine Echevarria is brilliant in her seminar style.

She is a powerful motivator and her daring approach challenged us to see ourselves as a significant piece of the puzzle of the education of the students in our district. Team Pegine would be an asset to any organization's professional development plan, and I am happy to give her my wholehearted endorsement.

Sincerely,

Jimminda Thompson
